FENCES, DECKS & RAILING

NO-MAINTENANCE FENCES, DECKS & RAILING

 **Heartland**
Fence, Deck & Rail

HEARTLANDFENCE.CA

Established 2004

TIMELESS APPEAL

Enhance the beauty and value of your home with Heartland Fence, Deck & Rail—your no-maintenance deck, fencing, and aluminum railing specialists, serving the Brandon area since 2004.

At Heartland, we work with residential and commercial clients to design and install maintenance-free fencing, decking, and aluminum railing. We also supply a line of top-quality retail products to do-it-yourselfers and contractors—all tested for Manitoba's climate—including industry-leading Duradek™ Vinyl Decking, Wolf® PVC Decking, Bufftech™ PVC Fencing, and S.T.A.R. Aluminum Railing. And we can help make your outdoor spaces even more enjoyable with ornamental ironwork, decorative hardware, and unique accessories such as outdoor fireplaces, arbors, pergolas, lampposts, and trellises.

NO-MAINTENANCE PVC FENCING

Heartland specializes in zero- or low-maintenance PVC fences. Our new Lexington Full Privacy Fence, manufactured by Bufftech™, features steel inside the bottom rail to avoid sagging. Our fence panels are not plastic installed with brackets, but heavy PVC panels designed to ensure they will stand the test of time. Each fence comes with an unmatched warranty.

SIMTEK FENCE™ ECOSTONE FENCING

Simtek Ecostone™ simulated-stone fence system provides superior performance with the realistic appearance of stone. It never needs painting or staining, and will not warp, fade or crack. Made with recycled content, Ecostone provides an excellent sound barrier, is durable in any climate.

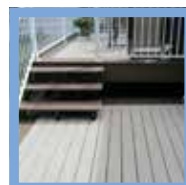

D&D TECHNOLOGIES FENCE & GATE HARDWARE

Setting the standard for design and innovation, this modern gate hardware is quick and easy to install. It's completely adjustable and requires no welding or special tools to install. The super-durable engineered polymer construction ensures the hardware won't rust, bind, deform or stain. Covered by a limited lifetime warranty.

WOLF® PVC DECKING & FASCIA

Heartland uses Wolf® PVC planks exclusively for all decking projects. They are simply the hardest, most durable line of PVC decking on the market, engineered to take anything that Mother Nature can throw at it. Wolf® PVC decking looks the same year after year and is almost impossible to stain. Featuring eight great colours of Wolf® products, Wolf® decking is the best in the business with the longest warranty on products and highest rating.

DURADEK™ VINYL DECKING

Vinyl decking membrane protects the structure of your home by preventing water infiltration on roof decks, sundecks, balconies, patios and verandas. An industry-leading 10-year warranty is just one of the reasons we trust Duradek™ Vinyl Decking—the original waterproofing membrane. Available in a wide range of colours, patterns and textures, Duradek™ requires no regular maintenance except cleaning, and has proven effective in Manitoba's climate. Duradek™ is the only proven 100% waterproof vinyl decking on the market. Durable, fire-resistant and skid-resistant, it can be installed on new or existing wooden decks by our professional installers.

S.T.A.R. ALUMINUM & GLASS RAILINGS

We carry S.T.A.R. System Aluminum Railing, a low-maintenance alternative to wood or steel systems that rot and rust and require restoration and repainting. S.T.A.R. Aluminum Railing profiles are 40% thicker than most competitors' railing systems, and come in a variety of styles, from picket to glass, with a classic or colonial look. 15 colours are available including white, black, and bronze. Glass railings are available with clear or tinted panels, or opaque panels that let light through, but provide added privacy and security.

NUVO IRON™ ORNAMENTAL IRON

Nuvo Iron™ pickets, fence sections, gates, post caps, and rail accessories feature a durable, corrosion-resistant and long-lasting finish with powder-coating, e-coating and Galvalume on all products. Ornamental iron both beautifies and protects your home, property or business, and can be used to secure pool areas and recreational facilities. Nuvo Iron™ products are available in four standard colours—black, white, green and brown—and are backed by a 10-year worry-free warranty.
